Hi, I'm Soumayadip Saha, a 3rd-year CSE student at Techno Engineering College Banipur. I'm passionate about learning and interested in web development and data analytics. I have experience in developing websites using HTML, CSS, JavaScript, php, MySQL. I'm also proficient in data cleaning, visualization, and analysis using Python libraries like Pandas and NumPy. I have obtained various certificates in web development and data analytics through online courses from platforms like Coursera and Nptel, as well as attending workshops and seminars.
